Autorun MAX! Crack+ (LifeTime) Activation Code Latest

Autorun MAX! Activation Code program is a powerful utility to make autorun files for your CDs. It creates a setup that allows you to launch applications and documents at your will from your CD. You can also save your autorun settings as a template, for repeated use in future projects. Autorun MAX! helps you to create several types of autorun files, starting from CD-business cards and digital postcards, for CDs which you can print yourself, or, for more professional CD production, when you work with a printing company. Program requires little system resources to work. You can see the main window quickly, and you will hardly notice that we are running even an internal program. Autorun MAX! has a clean, intuitive design with a lot of standard features. The interface is fully customizable, so you can create your own way of working. With this program you can create several types of autorun files for CDs, which will be handled by any CD player. You can choose an icon from a drop-down list and use a set of standard icons, change the default sounds of commands and buttons, and customize your autorun options. You can also manage your autorun files easily in a database. When you save your autorun menu, a new entry will appear in the autorun file, which can be opened by any CD player. You can also print out your autorun files using a printer that supports autorun CDs and, if you print the autorun CD with your own printer, the file can be used again to launch an application. You can download the demo version of Autorun MAX! to find out how the program works and how to use it. Autorun MAX!
